Yea the man and the myth  
The whispers the gossip  
Words from a trick  
He oh so cute  
and he down to earth too

You can call me Moon Man

And I'm just visitin'  
No beyond the beats  
To lyrics you are listenin'  
Everything I am is probably everything they not so

You can call me Moon Man

I have no plan  
I just landed here to approach those lanes  
With the weakest of ears  
Stop livin' in fear  
Even though shits eerie  
No matter the cost  
Motha fuckas will hear me,  
and i will out shine and out rhyme Those lanes you  
don't cut it,  
Midwest cleveland niggas  
Please (in love it)?

You can call me Moon Man

To the haters who still puzzle  
It's okay I'm a dog who still muzzle  
But once I'm unleashed like Jet Li  
I'm kickin' it

You can call me Moon Man

Like a tribe of questin  
Supplyin like a radio hot line request on the radio  
Somewhat mentally challenged like Radio,  
Can't fade me,  
Like a bad barber,

It's new sound its eat pill  
Take it at your own risk word the email  
I don't know B thats the words of Patrick

You can call me Moon Man

Shit it so damn sick  
No antibiotic can ever fuckin stop it  
If you copped it  
Please OD

You can call me Moon Man

If not for me please do it for music  
I make immortal songs for the mortals to cruise with,  
For mortals to live with  
Expand they realm  
For my people free  
Find peace in these  
You won't be free  
'Till you live on the stars  
Shootin' by the moon  
I'll be seeing you soon  
But for now I'm away steppin'  
Put me up in your away message  
Word for word I keep rollin' on 'em  
Rollin' on 'em  
Wha wha wha wha  
I keep rollin on 'em rollin' on 'em  
I'm rollin' on 'em  
Next.
