Yeah, yeah
(Vicious, vicious)
Yeah, Yeah

I'm ready to fight now, fire to fire
Hit for hit now, blow for blow
The road is vicious, but I'll be victorious
Scar for scar, the way a n*gga would flow

I'm ready to fight now, fire to fire
Hit for hit now, blow for blow
You think you can take me?
See, this is what makes me
(Come on)

I-I look into you toothless, I tell you know what's your
past
To try it, it would be stupid
Your choice of technique is foolish
Battle, be strong, the new kid
Don't matter, my scars were leaking
I'll be standing, still demanding
I'll be winner
Rapid punches delivered
Your soul is feeling weaker by the moment
I stood before opponents, all my energy I'm holding
Victory to me, you see those other main components
Pow, pow, pow
I knock 'em down
I am flawless in every round

I'm ready to fight now, fire to fire
Hit for hit now, blow for blow

The road is vicious, but I'll be victorious
Scar for scar, the way a n*gga would flow

I'm ready to fight now, fire to fire
Hit for hit now, blow for blow
You think you can take me?
See, this is what makes me
(Yeah)

No, no, no, I won't get bodied
My heart is powered with power from cowards
I may be tired from stepping up to a champion
Hit them up and break them down
I'm aiming to break some bones
I'm focused and overdosed on adrenaline
And i strengthen them with confidence
Every hit and every kick is rapid fire
And my talk is sour if I feel there is no lighter
Here, summon every single bit of courage
I'm a lion heart
They start it, then I finish it
We'll finish it

I'm ready to fight now, fire to fire
Hit for hit now, blow for blow
The road is vicious, but I'll be victorious
Scar for scar, the way a n*gga would flow
I'm ready to fight now, fire to fire
Hit for hit now, blow for blow
You think you can take me?
See, this is what makes me
(x2)
