[Verse 1]

pain, hurt, sadness and loneliness
bought all that shit right up
tossed away to the bottomless
pit Of the part of my mind that slips
the part of my mind so sick
I don't even like to take that trip unless I'm sloppy
drunk
I pray for my mom
I teach her the son that never gave a fuck about a
scantron
all I wanted was to be a human being and show the
world
some new colors and scenes
imagine all types of beautiful scenery
I remember when I first had trees
smoked Black and Mild, so dumb of me
now, I'm grape cigarello man
any young black kid a garaunteed fan
on a downhill grind and I'm humble
and I treat normal girls like models
reckless and young, am I
my mom's calling,
thank god she hit decline I'm numb faced while I'm
thinking about suicide

[Chorus]

Wanna know what this sound like when I'm not on
drugs?
please please don't play this song

r-r-r-ride r-ride r-ride ride ride

[Verse 2]

hey, black robbin hood
ridin' high, just like we should
you know the saying, ain't no delaying gotta gets the
gettin while the gettin's good
yeah dimented, my brain was forced to transform
wise up
I'm checkin the gate
on humble tales and minimum wage
the broads tell it
Cudi's lame wearing a kilt
he must be gay
let's keep it chill
fuck being discrete
but some girls tweet how they miss my meat
ya, Cudders, HBO, that Vitamin Water
that's money to blow cause your money for blow
don't take no shit
you can blame my Ma
I'm in the maze, I'm in a daze, I'm losing it
I'm locking in my rocketship
I be a blip in your radar bitch
It feels like things can be covered
Until the day I'm above myself hover

[Chorus]

Wanna know what this sound like when I'm not on
drugs?
please please don't play this song
r-r-r-ride r-ride r-ride ride ride
trynna get my mind m-mind m-mind right right
