Wake up and see just what, what could be.  
My life as, as good as it ever be, ever be.  
Close, close my mind, to the outside light.  
I'm fuck fucked up and I can't leave, can't leave.

You can't, can't be, where I, I be.  
Follow me and you'll see and you'll see.  
You can't, can't see, what I, I see.  
Follow me and you'll be free, you'll be free.

So hard to cope it hurt, hurt my hope.  
My pride deep inside is fading slow.  
Fall, fall asleep my brain runs at speeds.  
I'm lost, lost in dreams and reality, reality.  
Please save me Lord, my life is such a chore.  
But I, I need this to be ok, be ok.  
What, what they think of me it ain't no thing.  
My heart, heart is broke completely.

You can't, can't be, where I, I be.  
Follow me and you'll see and you'll see.  
You can't, can't see, what I, I see.  
Follow me and you'll be free, you'll be free.

Take time, and see where I'm at.  
Take, take, take time and see where I'm at.

Oh, Oh, Oh, Oh.

You can't, can't be, where I, I be.  
Follow me and you'll see and you'll see.  
You can't, can't see, what I, I see.  
Follow me and you'll be free, you'll be free.
