Have you ever been to heaven at night, night
Have you ever been to heaven at night

Heaven at night
Have you ever been to heaven at night
Closing your eyes the feeling so right
At first you might see this one bright beam of light
Clutching your soul
Happy unites and feelings take flight
Blinds of the evils you give them no sight
Focus on floating, your focus is tight
Like you be road ass you safe for a class
To pass in the night
Have you ever seen the ending so nice
You feel so free like your high as a kite
Like how you feel if you drink some bud light
Followed by Jag
Models we smile then tilt our heads back
These are a few of the visions I like
Mixed in with light,
These are my favorites to dream in the night
This is my heaven at night

Have you, ever been to heaven at night (heaven at night)
Heaven at night (heaven at night)
Oh have you
Ever been to heaven at night (heaven at night)
Heaven at night (heaven at night)

Man Oh, I need what the world can't give me (cant give me)
Can't give me
Man Oh, I see what the world can't show me (cant show me)
Can't show me
Dog, Oh, I like what the world can't give me (cant give me)
Can't give me
Dog Oh, I sing but the world can't hear me (cant hear me)

Can't hear me

(Heaven at night
Heaven at night)

Have you ever been to heaven at night (heaven at
night)
Heaven at night
Oh have you, ever been to heaven at night
Heaven at night
