Yeah, yeah

Wuddup, wuddup, you're in my dreams  
I can have anything and everything I ever wanted, yeah  
I can think of anything and everything I ever needed  
Right here in my dreams

Everything is a-okay  
I don't worry 'bout anything  
'Cause every day, every day, every day is sunny  
Here in my dreams, nah

Welcome, yeah  
Welcome, you're in my dreams

This is a dream come true  
Finding the perfect words to sing to you  
Here in my dreams  
Everything plays out exactly how I want them to  
Everything turns out dope  
Right here in my dreams

Welcome, yeah  
Welcome, you're in my dreams, nah

Long before we know ourselves our paths are already  
set in stone  
Some may never figure out their purpose in life and  
some will  
There are a lot of us who are caught up in this hell we  
all live in  
Content with being blinded by rules and judgment

We live in a world where it's more okay to follow than to  
lead  
In this world being a leader is trouble  
For the system we are all accustomed to  
Being a leader in this day and age is being a threat  
Not many people stood up against the system we all  
call life

But toward the end of our first ten years

Into the millennium we heard a voice  
A voice who was speaking to us from the underground  
for some time  
A voice who spoke of vulnerabilities and other human  
emotions  
And issues never before heard so vividly and honest

This is the story of a young man  
Who not only believed in himself but his dreams too  
This is the story of 'The Man On The Moon'
