(Hook)

You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
I tap dance on the cloud

(Verse 1)

Yeah, I keep it plainer than Pat, dawg
so plain it's almost like I don't even rap, yo.
Mac load, with flame from a spawning of hauntings
that aren't me, even with my damn eyes open,
yeah, its like my own never never land.
Smokin on kush, from a bush you'll never touch. Being
approached by hos before you couldn't fuck,
and all they wanna know if you be down(you be down).
If you really understand what happen from point A
What, hey, how you doing it wasn't even enough
to escape
but I can't go.
See I dream on and I'm over the peons
While I be doin' the beyond the
hatin' niggas be puzzled like how did he get on.
See, I did not dare perform with that coolery.
So ante like nothing else matters
walkin' with a spirit so tattered.

(Hook)

You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds

Who who who is it?
You you you can look up, I never come down
I tap dance on the cloud

(Verse 2)

New type of warrior,
modern day hippie if I get enough sticky.
And if you don't get it I'll explain it to you simply.
And iffy iffy, then homie prolly never get me
nothin' really special about lil' ol' Cudder,
except the fact I'd slit my own throat for my mother,
if it could make it stress free and then my brother
could sacrifice, a meal best served raw
with a little steak sauce
Oh no, I bet you prolly think I'm looney tuned
After big big country bought an album from a leak
through.
He was cool but ã»Ë just seems some type
whatchamacall. Other worldly, but I'm more of a worldly
other.
Sucker niggas like to state they undercover
but I'll peep ya, I'll see you from my cloud sanctuary.
And there's something about mary-
she made me un-tame.

There was issues way before I smoked the phillies

(Hook)

You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
I tap dance on the cloud

(Verse 3)

Expedited for you so homie run to it
We makin' the damn dough,
who knew it.
And everybody in the game with the same ol'
no-no's I'll be doin' it, but Cudi from a different mode.
You can keep it goin' though, no I will never slow.
Ol' girl want purp, she is silly, yo.
I ain't trippin', I'm skippin' while I'm sippin' in
while I go in though (again and again).
Tell them mother fuckin' let somebody tell new ones

If you get high still strive to be someone.
I am not a role model but I am the blueprint.
Superstar concerts and honors when I spit.
Only can be in sky, no one can do it, K.
Only, I don't mean to be, I do it the Cudi way.
No need to be mad if you not me.
Lookin' for ill shit, you know where to find KC,
Yeah, you know where to find KC.

(Hook)

You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
Home boy, I tap dance on the clouds
Who who who is it?
You you you can look up, I never come down
I tap dance on the cloud

Who who who is it?
Homie gettin' busy, homie gettin' busy, homie gettin'
busy
Who who who is it?
Homie gettin' busy, homie gettin' busy, homie gettin'
busy
Who who who is it?
Homie gettin' busy, homie gettin' busy, homie gettin'
busy
Who who who is it?
Homie gettin' busy, homie gettin' busy, homie gettin'
busy
