VERSE 1:

Listen Good

I don't have nobody

But what I might feel are the sounds of sanity

Hoping what I hear, loops itself continuously

Then I won't be afraid

No No

CHORUS:

Oh woah woah woah

Why must it feel so wrong when I try and do right, do right

Oh woah woah woah

Soaring through paradise when I'm closing my eyes

I'm, Mr. Solo Dolo

Oh Oh Oh

Oh Oh

VERSE 2:

Look at me

You tell me

Just what you see

Am I, someone whom, you may love, or enemy

Am I speakin' for, you and yours, or someone else

I need some answers

Yeah Yeah

CHORUS:

Oh woah woah woah

Why must it feel so wrong when I try and do right, do
right

Oh woah woah woah

Soaring through paradise when I'm closing my eyes

I'm, Mr. Solo Dolo

Oh Oh Oh

Oh Oh

VERSE 3:

My world turns

Flippin' the bird

To the ones who figure, me

Outkast no not the duo

Back at Shaker heights

When they knew

Though little brother was a strange one

Boo hoo

Cry me a river

Hey the look who

Try without an igloo

Cold cold world wasn't fit for me at, all

Look at where I stand at

Tall, Cutcha' my kid cu di bisohs

Mute mutha' fucka' back home

Quick pause

Gargle on my mayo

Look at me I bet I'm the one you think the feo

Floatin in my mind

No Sail

Ahoy

Ahoy

Listen Good

I don't need nobody

This is what you feel are the sounds of insanity

Hopin what I hear loops itself to finish me

No I wont be afraid

Hey Hey

CHORUS:

Oh woah woah woah

Why must it feel so wrong when I try and do right, do
right

Oh woah woah woah

Soaring through paradise when I'm closing my eyes

I'm, Mr. Solo Dolo

Why must it feel so right when I know that it, s wrong,
it's wrong

When will I ever learn from the words in my songs

I'm, Mr. Solo Dolo.
