Look at her she could be ma super boo  
In a room crazy, sexy, cool  
Intellectually sexy, her body is sick, her face is dope  
Somethin like a eye candy photo  
Hope to God the broad ain't a hoe though  
The way she walks is in slow-mo  
Yep, ma mind got Tee-Vo  
Every punk trunk around plotting and scheming,  
wishing and dreaming  
Jus for a little nanosecond to holler at her quick tryin to  
holler for her name  
Yellow thong wit a tail like damn smile at me so I smile  
right back  
She move so effortless complimentin her looks I be  
commentin up in her book

You can be ma super boo ooo oooo  
You can be ma super boo I need you  
To come and chill wit me c'mon  
Want to check it

Mad views on her myspace s\*\*t  
Just stoppin by, showing her love, whiel she sits.  
And all her friends are hot but not like her she the  
number one spot  
All I wanna do is reali introduce scott let her know ma  
dreams and struggles to the top  
Show her that it feels good in a drop top rollin down  
sunset niggas can't stop  
I can tell that she reali got her mind right let me make  
that move when the time's right  
Hope she don't mind a little limelight you can't go  
wrong let's get right  
And we gon let them other niggas stomp it out next  
step ye we gon talk it out  
I hop hotels til the next flight I think about you cos your  
so right

CHORUS

(Lalalalalalalala)

I know you probably like a lil stand offish but just take

my hand though and save my world baby come back  
with me

Let me get it, okay I got it she's so hot move so erotic  
Take her to Cancun fly supersonic  
Grown and sexy love Gin & Tonic  
Askin questions like where you from?  
I aint gonna tell you you should just come  
Take that journey beyond the clouds  
Let's leave reality truth be told  
Yeh baby girl this the code  
Come be ma roadie backstage at shows  
I can tell that them other niggas dig your code  
But am a hot nigga with the heat for sure  
I aint fittin like a scarf in the summer  
Am misemplyin and I need you in the summer  
Layin on top me enjoying your company  
Am runnin out of issue (cant understand) when I kiss  
you

CHORUS
