Ooh! yeah!

You want to be my mamacita sexy se?orita  
Riding off into the sunset sipping on Tequila  
Wanna be with me? I want to be with you too  
But there's just a few things that we have to do  
I gotta get the scrilla, the scratch, el dinero  
You know I love you baby doll, te quiero  
And that's por vida, for life, forever  
And Lord knows I gotta get the cheddar  
Cause it's hard to be the man of the house  
I gotta do what I do to keep food in my case  
Mira keep standing in my corner cause I need you  
You're the one I adore, you sexy mamacita

[Chorus]

I wanna be your, mamacita  
Your sexy lady papi chulo  
Let me love you  
I wanna give you all this amor  
Cause you're the only one my heart beats for  
And that's for sure, that's for sure

Damela, give it to me all night  
Baby, I can take it, I'm a player and my game's tight  
Mami chula, wanna ride with me?  
Said she down to the end even die for me  
So we stick together like "Bonnie & Clyde"  
You got the front, I got the back and now we side to  
side  
You wanna fly forever like birds up forever eternaly  
Baby, you and me was meant to be  
Like Hennessy and lemon squeeese we make a perfect  
match  
And you're the second best thing to my scratch  
As long as you got my back, you know I'll never leave  
you  
You can count on that, you sexy mamacita

[Chorus]

I wanna be your, mamacita

Your sexy lady papi chulo  
Let me love you  
I wanna give you all this amor  
Cause you're the only one my heart beats for  
And that's for sure, that's for sure

All the homies see me with you and they all get sore  
Cause I'm the only one that your heart beats for  
Mi amor, mi querida  
Tu eres mi mundo y yo soy tu vida  
You know my estilo is all or nada, is all or nada  
And the way I feel about you, girl that ain't no frontin'  
Ain't no future in it, so real's hot represent in it  
See me rolling in the Lexus with the windows tinted  
I'm all up in it ??? and I know you love the way the 20  
inch is spinnin'  
While I'm rolling down the street  
With a sexy mamacita in the passenger seat, yeah...

[Chorus]  
I wanna be your, mamacita  
Your sexy lady papi chulo  
Let me love you  
I wanna give you all this amor  
Cause you're the only one my heart beats for  
And that's for sure, that's for sure
