You ain't thuggin' if you ain't ridin' on chrome now
Get yo shine on and chase yo richest

I'm B. G. whatever it is I'm gonna shine in
I don't be slipping' I'm on the issue believe me
Top of the line rollie on my wrist when ya see me
I want to be chauffeured in a Bentley
Haters can't take that so they plottin' to flip me
But I'm goon shake that a million dollars
I'm try's make that these baler blacken' rookies
They hate that i don't wear nothing' cheap
From my head to my feet
Twenty on my wrist ten on my cash money piece
You can't help but hear my name ringin' on the streets
From gettin' my ball on to Nelly and old lady
You can try to look through my grill and get blinded

All week long I like to shine playa
