[B.G.]

You know 'bout me and my chopper, nigga  
Watch this

Nigga, I'm dressed in my T, Girbauds, and Reeboks  
Gotta settle beef for a nigga shot up my block  
Get my clique, load them things up in the van  
Don't matter - they in front the law we gon' blast  
We creepin', sweepin' to catch these niggas slippin'  
Every hood we think they be in we dippin'  
Even through people, all through people yard  
Believe me - tonight they goin' to (??)  
We ridin' all night, finally got lucky  
We saw 'em chillin' back, turned on the block hustlin'  
Hit the lights, park, jumped out, walked  
Crept down on 'em, let them AK's bark  
One of them niggas broke out, I broke out behind him  
Went down the alley, went under the house, I went  
behind him  
Caught him, then I ch-chopped him up  
In the process my Reeboks got fucked up

(Hook [B.G.])

I'm runnin' with my chopper  
I'm 'bout to set it off with my chopper  
Knock a head off with my chopper  
And bang at the law with my chopper  
Look,  
I'm runnin' with my chopper  
I'm 'bout to set it off with my chopper  
Knock a head off with my chopper  
Then bang at the law with my chopper

[B.G.]

Evenin' got dark - you know it's 'bout to be some G shit  
Twelve o'clock done hit - it's midnight madness  
Sun down, moon out - you know them snakes comin'  
Guerrillas on they way with them hundred-round  
drummins

Better get to runnin' - I'm killin' by the dozen  
Bitch, you're up - you get eternal bleedin' from the  
stomach  
I'm buckin', I'm bustin', I'm bringin' trouble on your  
block  
I ain't fearin' nothin' - you're in front me, you get  
chopped  
I'm hot, dog - keep that glock and it's cocked, dog  
First time you're caught off your game, you drop, dog  
I'm true to the game - ho, play for keeps  
Pull up with the passenger drivin' way in the back seat  
I don't give a fuck, never did, been real  
Since I was young been seein' cats get killed  
When it get dark better be able to run quick  
'Cause after that, that chopper gonna talk shit

If you don't know, I'm the B.G., all about beefin'  
Catch ya bobbin' your head at the d.j. and leave you  
leakin'  
I'm on a buck, fuck on the up, then squeeze it  
(???) , nigga - look, L.T. family grievin'  
I'm on a mission to leave they family grievin'  
Cut my dog life short, now I gotta teach 'em  
I'ma (?) and send work to (??)  
Keep niggas bust up goin' through his morgue  
I'ma fool - Baby handed me my first tool  
Told me if I feel played do what I gotta do  
Nowadays I don't play with that K in my hand  
You don't know from last album, I'ma made man  
Uptown where I'm from - V.L. my stumpin' ground  
Get outta line, I empty a drum at ya, clown  
I'm a dog, dog - I'm tellin' ya I'm raw, dog  
Like Pac: ya ain't in my clique, fuck all y'all
