The B.G. a HB off VL
Tips on the creek rang choppers like a church bell
I armed nigga and backed up by click niggaz
Thats trigga happy dont give a fuck bout killin niggaz
We killin haters with tommy guns spillin haters
The ghetto made us slangin is how we get our paper
pull off capers an original thug taper
Got riches handed over nigga before I erase ya
You want my troubles I dont believe you ready for it
But I'll bring it to you if you insist you ready for it
You want beef I'm dramatized on paper
You makin me sleep cause I'm bout that trigga play

(chorus)

B.G. bout trigga play

On the real B.G. bout trigga play now woo the
B.G. straight duckin feds
On the real B.G. bout bustin heads
On the real B.G. killin chopters
Look in the sky flyin by it's hellicopters

Picture I hang words with a nigga off the other side
Can't underestimate him so I'ma grab my shit and ride
Wayne drive do a pull up and I'ma bust
Wicked plus after that bussiness is a must
My ?????? know him he wanna fuck so she can get it
She on the phone with him, nobody home with him
Got it goin in right I know he keep his chrome with him
I'm squeeky yeah I'ma hit him in his dome nigga
His enemy aint with nobody stillin me
Thats why you never catch me without my 'tilary
I keep a nina if not I keep a fifth beemer
Once the drama on I aint waitin to cap a p bra

Snake for Jake Blood for Blood I'm with it aint no love
Anybody slip and they get slid
I ride or die I play it raw thats the way I'm raised
Spray for spray nigga I'm bout that trigga play
