I'm throwing stones just to get you all alone
I wanna take you driving around
So come on, open a window for me
I love it when it's late and the whole city is asleep
And it's time to go creeping in a shadow of a town

I feel like I'm ali-i-i-i-ive
With you as we ri-i-i-i-ide
Let's go stealing cars
Stealing cars
Stealing ca-a-a-a-ars
Stealing cars

Put your hands up if you feel like you're in love
It's just the two of us in control
Hands on the wheel, we've got the whole night to kill
Our whole lives to steal away, in a shadow of a town

I feel like I'm ali-i-i-i-ive
With you as we ri-i-i-i-ide
Let's go stealing cars
Stealing cars
Stealing ca-a-a-a-ars
Stealing cars

Standing in the light taking photos of you
The streets are alive with gold
Touch down in the prime of my life
As soon as I hit the ground I start running
I start to ru-u-u-u-un

Let's go stealing cars
Stealing cars
Stealing ca-a-a-a-ars
Stealing cars
Stealing caaaaars
Stealing caaaaars
Stealing caaaaars
Stealing ca-a-a-a-ars
