I'm pacing inside this empty room
Told to wait til my life's withdrawn
Uneasy, I'm waiting here anxiously
Its a waste and I wont wait another Eon

Endless night
Long for light
My head against this tomb
And pushing through
I'm pushing through
Facedown and pushing through

Trapped and isolated
Time is dislocated
Eternity is what a moment seems
When I cant feel anything

Erasing my final memories
They wont stop til my whole life's gone
Uneasy, I wait for normality
Its a waste and I wont wait another Eon

When life is gone without a trace
And hope is lost in times embrace
I wont wait or hesitate; I'm pushing through facedown
I wont wait or hesitate; I'm pushing through

If times a song, I wont wait for its reprise
I am done wishing farewells and goodbyes
I wont let this place overshadow my birthright
I wont wait another Eon

Impatiently, I'm cutting through the earth in front of me
Bone on stone, blood and sweat married
Cant hear the voice that whispers fears when my heart
is pounding in my ears
All I see in my mind is not what Ive left behind
But all the things Ive been missing in that lost Eon

Trapped and isolated
Time is dislocated
Eternity is what a moment seems

When I am lost inside this dream
When I cant speak and I cant scream
And I cant feel anything
