This is my excuse to testify been a beaten down boy
and i don't know why that's alright, that's alright

Well the truth was a lie and i don't know
how it got me to follow and it's true that the lie that was
sold me will never let me go

What i needed you to
say was hidden far away
This is why i've had to justify,
my head is shaken, yeah but that's alright
What i needed to believe was hidden far from me
That's alright 'cause i believe you

Take advantage of a malleable mind been a weakened
sucker boy without
a spine that's alright, that's alright

Tell me that i've got to fight your fights, and now i'm a
bleeding
boy without a life but that's alright, that's alright

Well the truth was a lie and i don't know
how it got me to follow and it's true that the lie that was
sold me will never let me go

What i needed you to
say was hidden far away
This is why i've had to justify,
my head is shaken, yeah but that's alright
What i needed to believe was hidden far from me
That's alright 'cause i believe you

Don't feel bad because i won't cry
i'll do your will
and not ask why,
but that's alright because i believe you

What i needed you to
say was hidden far away
This is why i've had to justify,
my head is shaken, yeah but that's alright

What i needed to believe was hidden far from me
That's alright, that's alright

What i needed you to say was hidden far away
This is why i've had to justify,
my head is shaken, yeah but that's alright
What i needed to believe was hidden far from me
That's alright cus' I believe you

That's alright, cus' I believe you
That's alright, that's alright
