## "I Can't Wait"

This flame is coalescing  
This fire's burning bright  
I know I'll get burned but it's alright  
(Waiting anxiously)

It's too late to change direction  
I'm fixed on her in my mind  
Trade sense for sensation this time  
(Takes control of me)

I can't wait

I want to be with you right now anyway  
Reckless, so what? I can't wait to be around you

Take me, break me, right now - Why wait til 'hell to pay'?  
So dumb, so what? I can't wait to be around you

Her skin is laced with poison  
Her words are laced with lies  
Affliction is waiting in her eyes  
(Take them willingly)

I can't control this compulsion  
Like a moth into the flame  
Her fiery embrace completes my shame  
(Don't let go of me)

We bathe in this denial  
Lay bare the secret place  
For just a little while  
Submit to this embrace

Pain unfolding  
Shame beholding  
Don't let go of me
