camera, action SHOWTIME!

action SHOWTIME!

### Verse 1

Crack crack crack crack of dawn yawing, up in the  
morning  
Outside it's raining, the kid is up training  
Improving on his game in bounds and leaps  
While the rest of us are all fast asleep  
Full of ambition, a man on a mission  
Waiting for a start to cement his position  
Then came a break, and the kid put on a show  
Everybody in the crowd was like WHOA!  
How bizarre, last week he was cleaning cars  
Today, he's labeled a superstar  
Now he's playing first grade and he's on a good wage  
Yes the kids getting paid, watch his status escalate A  
thousand friend requests on his myspace page  
Girls in rage while the guys drip tray  
He said I've been working for this for a lifetime man  
And now that it's mine yo it's my time to shine

Hook Ayyy, Ohhh. This is it, it's my turn to shine Lights,  
camera, action SHOWTIME!

Ayyy, Ohhh. This is it, my turn to shine Lights, camera,  
action SHOWTIME!

### Verse 2

Now there's this other kid wants a different kind of  
break  
And he Said that would take it in any size or shape  
Female interaction a little action  
Because unlike Mick Jagger he can't get no satisfaction  
His mates have been so he's kinda behind  
But tonight could be his time to shine  
Party is pumpin, heart starts thumpin  
Tries every move to get a little somethin somethin  
No luck man the kids to keen

All the knock backs shock his self esteem  
Then a dance off breaks and kid steps out  
Busts a running man and he shakes it all about  
The girls are impressed especially these twins  
They grab him by the hand and they pull him in  
To a room here it is now it's getting warm  
So he better rock the show and show some form (for  
real)

Hook Ayyy, Ohhh. This is it, it's my turn to shine Lights,  
camera, action SHOWTIME!

Ayyy, Ohhh. This is it, my turn to shine Lights, camera,  
action SHOWTIME!

### Verse 3

Extra extra, news fresh off the press  
Been blessed with a gift and this ticker in my chest  
To express then progress to success  
Yes yes in my best-dressed come to impress  
I was fine with waiting in the back of the line  
Now I'm in my prime so it's my turn to shine  
Taking my time and crafting my rhyme man  
Starting at the bottom getting ready to climb man  
It all begins with self esteem  
Like Martin Luther King everybody has a dream  
Only 1 out of 10 make that dream be seen  
While the rest toss and turn on what could've been  
You can't cheat this, beat this, fake this, shake this  
Take this, rip this, copy & paste this It takes practice to  
reach that elite shit Losers think quit before they even  
attempt it

Hook Ayyy, Ohhh. This is it, my turn to shine Lights,  
camera, action SHOWTIME!
