I got the, aww
I got them love sick blues ya'll
Man, I can't find my baby
I think she took off with another man
I been around the world looking twice

You know I checked in New York City
On the streets and on the subways
And I looked around that tired town
To find the one who loved me

I looked out in the Hamptons
Thought she'd be hangin' with them rich folks
But no she wasn't anywhere
Hangin' on the East Coast

I wish my baby come home
I want my baby come home
I wish my baby come home
I want my baby, yeah my baby
To come back home
Man, you know I love that girl

I checked down to the Southern plains
From Alabama to Georgia
Honey if you hear this
Please know I'm looking for ya

I checked with all my rebel friends
I've looked around for weeks
And I swear until I find her
I won't eat and I won't sleep

I want my baby come home
I want my baby come home
I want my baby come home
I wish my baby, yeah my baby
Would come back home

I went from Albuquerque to Maine
And didn't find a damn thing

So I looked in California
Up and down the coast
I looked all over Hollywood
It wasn't even close

Never found nothin'
So, I came home, home to Detroit City
And there she was sittin' on my porch
The baby looked so pretty

Now my baby's back home
Yea my baby came home
Yea my baby's back home
I'm so happy that my baby
Is finally home
