Maybe I've been on the road to long  
Living my life through these songs  
I guess loving a music man  
Really wasn't in your plans  
Does it matter if im sorry again  
And why should I apologize  
You knew all along this was my life  
You know my ins and outs  
All my fears and doubts  
It's the life I love  
But it's you i can't livew without

And this whole world seems  
Cold and empty  
Someone please turn on the lights  
Lord if there's an angel you could send me  
I could use one here tonight

Now where am I supposed to go  
My only home was in your soul  
I know that I can't stay here  
And drown in a pool of tears  
Should i pack my pride  
And face this life alone

And this whole world seems  
Cold and empty  
Someone please turn on the lights  
Lord if there's an angel you could send me  
I sure could use one tonight

Maybe it's me whos cold and empty  
And in my darkness I cannot see the light  
Please god if there's an angel  
You could send me  
Cause there's one missinh from my life.

You are my heart, you are my soul  
Wherever you are, that where I go  
You know my ins and outs  
All of my fears and doubts  
Its the life I love

But it's you I can't live without  
Yes it's the life I love  
But it's you i can't live without  
The life I love  
The life I love  
But it's you I can't live without.
