You're no angel, I'm no saint
If we were, we wouldn't be in this place tonight

Lost and lonely, scared and confused
We both have a past, nothing to lose, tonight
Well, it cuts like a knife, these bad luck blues
We both got scars from the hell we been through
Somebody's gotta win, somebody's gotta lose

So let's roll the dice one more time
Take a chance on love again tonight
Risk it all, lay it on the line
Let the skeletons fight for life
Tonight, we'll hold on tight as we collide

Reconnected, feeling no pain
Seeking shelter like a spark in the rain, tonight, ooh
yeah
Worn and weathered, scared to go home
But we're here together, we're still all alone, tonight,
oh, oh, oh yeah

And there's no need to lie, we've both been abused
The love and the pain, the cocaine and booze
Now most people don't but some people do

So let's roll the dice one more time
Take a chance on love again tonight
Risk it all, lay it on the line
Let the skeletons fight for life
Tonight, we'll hold on tight as we collide
As we collide

Oh, so let's roll the dice one more time
Take a chance on love again tonight, oh tonight
Risk it all, lay it on the line
Let the skeletons fight for life
Tonight, oh, hold on tight as we collide

Whoa, as we collide, oh, as we collide
As we collide, we collide
As we collide, as we collide

As we collide, as we collide
As we collide, as we collide
As we collide, as we collide
