Been sitting alone
Thinking about the past
Another lonely night
Another empty glass

This path I'm walking
Always seems to lead no where

I wonder how much you think of me
How we used to laugh
How we used to be
It seems like freedom
Has never had a man so scared

Times might change
Love, it comes and goes
How I wished I could have shown you
How deep for you my love goes

And I know this might seem crazy
I would end my life for you
You know I don't want to

But I do it for you
Hey, I do it, you

I wonder how much you think of me
It hurts to think the past
Is all that you can see
Now it seems like freedom
Is better than the love we shared

Times, they change
Love, it comes and goes
How I wished I would have shown you
How deep for you my love goes

And I know this might sound crazy
I would end my life for you
You know I don't want to

But I do it for you

Hey, I do it for you

Listen to me
I wonder how long it takes to see
There's nothing more I want
Then you here with me
Freedoms been knockin'
But I refuse to let her in

Times, they change
Love, it comes and goes
How I wished I would have shown you
How deep for you my love goes

And I know this might sound crazy
I would end my life for you
You know I want to
Come back home and care for you

Baby, I do anything for you
I do anything, you
