And if you feel it  
Then let me know it  
Show it  
Here's your chance, don't blow it  
I got game to player, now watch me throw it  
I feel we owe it to the people on the real side  
To collide styles because it seems real music died  
We got pride in the city Detroit  
Kid Rock and Bradley baby, umph now it's the real joint  
And when it hits like a fist from Joe Louis  
Trying to get higher than it will just blow through us  
I heard lightning  
I heard thunder  
I saw the river about to blow  
I saw faces  
So many places  
Wondering where I got to go  
Feel like I got to find  
Some kind of piece of mind  
Where I can rest my aching soul

Take me higher  
Come on, come on, come on, come on  
A little higher  
Were going higher baby  
Set me soul  
Come on, come on, come on, come on  
On fire  
Were going way up to stay up  
Way up  
Come on, come on, come on, come one  
Higher  
Higher baby  
A little higher  
Come on, come on, come on, come on  
Were going way up to stay up

I heard stories  
I got older  
Wonder if I could believe  
But I take what  
Take me higher

Come on, come on, come on, come on  
A little higher  
Were going higher baby  
Set me soul  
Come on, come on, come on, come on  
On fire  
Were going way up to stay up  
Way up  
Come on, come on, come on, come one  
Higher  
Higher baby  
A little higher  
Come on, come on, come on, come on  
Were going way up to stay up  
You give a brother  
Wonder if I really need  
But I know that  
Gone tomorrow  
I'm gonna reach a higher spot  
Show me that fire  
Take me higher  
Somehow I got to breathe  
Come on  
Take me higher  
Come on, come on, come on, come on  
A little higher  
Were going higher baby  
Set me soul  
Come on, come on, come on, come on  
On fire  
Were going way up to stay up  
Way up  
Come on, come on, come on, come one  
Higher  
Higher baby  
A little higher  
Come on, come on, come on, come on  
Higher  
Were going way up to stay up

Uh  
A little higher  
A little fire  
Take me up

And if you feel it in your toes and it won't stop  
And if it's deep in your soul then you can't stop  
And if you know what I know, then you won't stop  
Were going way up, way up, way up, way up... Stay Up

Tear it up

Come on, come on, come on, come on  
Tear it up  
Set my soul  
Come on, come on, come on, come on  
On fire  
Were going way up to stay up  
Tear it up  
Come on, come on, come on, come on  
A little higher  
A little higher  
Come on, come on, come on, come on  
Were going way up to stay up

Oh ho  
Fuck... that  
Come on  
Higher than love  
Way up, way up, way up  
Set my soul... on fire  
Come on  
Yeah, come on  
Uh, yeah  
Higher... Yeah  
Higher... Come on  
Yeah
