Used as a scapegoat taped to the wall
Bruised and abused on some foreign soil
Trained to kill baby that's what we do
Programmed to bleed red, white and blue

Come on and grab your guns let's ride
May your conscience be your guide
I'll say a prayer for you to make it through to the other
side
Tonight's the night we fight or die

Grab your gun son said we're heading for war
Like your uncle JT thirty years before
No pussy no dope this aint Saigon
But keep your heads up for roadside bombs

Come on and grab your guns let's ride
May your conscience be your guide
I'll say a prayer for you to make it through to the other
side
Tonight's the night we fight or die

Even in darkness you're my strength my soul my will to
survive
But in this fight I stand ready to die

Come on and grab your guns let's ride
May your conscience be your guide
I'll say a prayer for you to make it through to the other
side
Tonight's the night
Tonight's the night

Come on and grab your guns let's ride
May your conscience be your guide
Come on
Come on
Come on
Come on
Come on
Yeaaaaa
