I need somebody won't u help me  
I need somebody won't you tell me who I am  
I need somebody please please help me  
I need somebody u must tell me who I am  
I've been livin a lie so long it seems I've lived a life time  
If u could see what I feel it would make your ghetto  
hood like heaven  
And I believe it stems down from my family situation  
I never liked my old man  
I couldn't stand to be around him  
Sometimes I sit all alone just starin at his picture  
My heart turns to stone and I think of this

You never loved me you never held me tight  
instead u shook me like a beast to wake me up at night  
u tried to make me think that your ways were best  
when all I was was an outlet for all your stress

Life it's the ultimate sin  
A game with no rules that you're expected to win  
My personal hell's hidden with a grin  
"Dad take the stand and let the trial begin"  
U said that oil and water don't mix though it seems cool  
Keep with your own and don't fuck up our gene pool  
U should've went to school like your bigger brother  
but you played the fool with a different color  
Runnin' ship with a whip  
I tried to keep up but I kept getting tripped  
Money made u so wise  
how could u look thru my face and not see your own  
eyes  
Do as i say and not as I do  
but I can't cuz when I look in the mirror I see u  
And oh the pain how it hurts  
it was always your home and your business that came  
first  
U said a man is as good as his word  
but your mind was closed and mine never herd  
They say the nut don't fall far from the tree  
look at u then look at me...

U ain't nothin to me u've never been to me  
And all u ever gave a damn about was money see  
So now fuck u man you ain't shit to me  
And it's the day that I die of this hate that I'm free  
Now I know growin up son that it ain't always been easy  
and I know at times I was not always there for you  
We never spent much time just talkin or havin a good  
time  
but understand growin up son I never had a dime  
So I worked my ass off and I put myself thru college  
and everything I have to this day u know I built it all  
Oh I wish I could go back and change the years that's  
lost between us  
I wish I could take back some of the things I said to you  
Son I said I'm sorry...  
Son I said I'm sorry but still u resent me so  
Son I said I'm sorry and why do u resent me so

I always loved u I always cared for u  
just never wanted U to go thru what I've been thru  
I tried to raise my fuckin family just the best I know  
and now I'm hated like the devil and for what I don't  
know Dahhhhhhhhhhhhhhhhhhh!
