Break out the whiskey  
And a bottle of wine  
Take your shirt off bitch  
And chop me out a line  
Dim the lights down low  
Turn up the stereo  
Dant say a word  
I already know

Youve never done this before  
But you felt like tryin  
Ive done this plenty of times  
And i know your lyin  
You know i know

You want a shot  
So i will take aim  
Dont even ask me  
If i know your name  
Dont look so shocked  
Do not be confused  
I just wanna shoot your soul  
Full of rhythm and blues

Them boys been sellin you lines  
But you aint been buyin  
But what im given is free  
So its well worth tryin

Because i know you like to rock-n-roll  
You like to rock-n-roll  
Ill rock you baby all night long  
Then i gots to roll  
Theres no one here left  
We can blame  
Its a lonley walk of shame  
I know  
We gonna rock-n-roll  
Can you feel that  
Can you feel that

Used to like to disco

Now you wanna rock-n-roll

Bus is leavin baby  
Were pullin out  
Them austin dallas houston girls  
Are callin us out  
Girl dry them eyes  
Im not good at goodbyes  
Tell all your friends  
Im that type of guy  
That'll bring out the women  
That youve been hidin  
Its human nature to be  
What weve all been denyin

Baby dont seel tickets  
To a player that already playin  
Just be who you are  
But understand what im sayin

Everybody likes to rock-n-roll  
They like to rock-n-roll  
Rock-n-roll  
They like to rock-n-roll  
Love me baby all night long
