15 years on this lonley road
I paid my own way
I carried my own load
I never asked too much from no one
I was much too proud
All i ever wanted
Was to play music for
A sold out crowd

Bitches, money fame
They say i had it all
6 foot 1
I walked around like i was
10 feet tall
Did you see me shine
Where the hell where you now
Detroit city back in 99
Stoned out of my mind

On that rock-n-roll pain train
I had to slow things down
I live out in the woods now
It helps me keep my feet on
The ground
Lifes been good to me so far
Hope its been kind to you
Stand strong in the storms of life
The sun will always shine on you

Now ive been rollin on love n lust
I ride around on this million dollar bus
But this is just a bus man
I cant sleep at night
Man i miss my babies
And id really like to fuck my wife

But she aint there tonight

On the rock-n-roll pain train
After the lights go down
I live out in the woods now
It helps me keep my feet on the ground

Lifes been good to me so far
Hope its been kind to you
Stand strong in the storms of life
The sun will always shine on you

Ive seen this train wreck
Time and time again
I felt its pain
Ive seen it take my friends
Youve got to stop and take a look man
Or life will pass you by
Get your guitar and a good song
Thats all you really need to ride

On that rock-n-roll pain train
I cant slow it down
The music and the whiskey
Dont it make you wanna get loud
Lifes been good to me so far
I hope its been kind to you
Stand trong in the storms of life
The sun will always shine on you
The sun will always shine on you
