[CL Smooth]

You're everything that I dream about, talk about  
Walk around and brag about, cause I don't give a damn about

What they say, what he say, or she say  
I'm addicted like drugs to your loving, but hey  
You got me strung like I'm young and it's crazy  
You're making me nervous, I don't deserve this, I'm Swayze

I wish I could be but you really got a hold on me  
With your sex appeal, I'm telling you how I feel, shit is real

Now I don't really want to play myself so I say to myself:

"Son get a grip and don't slip"

Cause I don't want you to think I'm some clown from out of town

I get down, I've been around, I ain't no hand-me-down  
So you gotta show respect for me if you're checking for me

And don't sweat me cause I really don't want no sweat on me

If you got it, good, flaunt it

You know what it takes and you know how I want it

(I know how you want it) Don't tease me, just please me  
(I know how you want it) Now what you gonna do when you get it? (Repeat 2x)

Everybody knows you and they show you mad respect  
You give me funny feelings with your million-dollar step  
Never quiet is kept, honey always stayed dip

I'm thirsty for your love, sugar can I get a sip?  
Well maybe just a taste in the place that make your face bend

And I would never try to kick it to your best friend  
So what's the deal, what's the haps, where we at now?  
Keeping it strong, moving it along, I'm here to show you how

So all I wanna know is what you really wanna do  
I try to flex for sex and sex unless I'm sexing you

And I'll be swimming in some trim with a beachfront  
view  
Cause all I wanna do is get next to you  
Now leave your crew so we can step into my hideaway  
So I can step into it right away  
If you got it, good, flaunt it  
You know what it takes and you know how I want it

(I know how you want it) Don't tease me, just please me  
(I know how you want it) Now what you gonna do when  
you get it? (Repeat 2x)

Before you sit back and think I ain't saying nothing  
You need to sit back and think about what I'm saying  
Now relaying, my carmel flow  
So you can see the arrow fly before it leaves the bow  
Slow like Cupid, taken from a mobster  
At night I crack her open just like a lobster  
(My CL Smooth) It's all good baby  
Now you know why I'm stressed when you act shady  
Sometimes you chit chat, now and then hide the cat  
When all I wanna do is just flip that  
But there's a side to me only you can see  
Only you can so believe in your man  
I want you to love me in a special way  
When I come home from making lucci to parlay  
If you got it, good, flaunt it  
You know what it takes and you know how I want it

(I know how you want it) Don't tease me, just please me  
(I know how you want it) Now what you gonna do when  
you get it? (Repeat 4x)
