

Kid Rock

"Welcome 2 the Party, Ode 2 the Ol' School"

Visit "[Welcome 2 the Party, Ode 2 the Ol' School](#)" on MotoLyrics.com

It ain't nothin' but a party hey
From the early evenin' 'til the break of day
So step this way & let your mind be free
& by the way, Welcome 2 the Party.

Well my name's Kid Rock I'm a Capricorn
& Detroit's city's where I was born
When I was young I knew I'd always be
A super live body rockin' MC
I'm TNT I'm dynamite
& I'm gonna rock this party all damn night
I've got the gift of gab I can walk the walk
I became an MC when I learned to talk
Sayin' goo-goo ga-ga
I gotta lotta time to eat MC like pirhana
I'm a pro at this, yeah the ultimate
'Cause I don't spit, my rap too quick
I'm the ladies pick the all around the world
But I only got eyes for just 1 girl
I don't twirl around like a ballarena
I roll through towns & I rock arenas
I may seem a little under age
But at least I am not underpaid
I'm one of kind, here to shock your mind
& I will serve no rhymes, before their time
The K-K-Kid Rock, that is my name
& if you ask me again, I'll tell you the same.
Who's to blame? I don't really know
But my game's so tight I think I'm gonna go pro
So here we go here, here we go
I'm gonna rock it up high, then rock it down low
From the floor to the ceilin' to the living room
'Cause people like to hear my base go boom
Boom, b-boom, boom, b-boom, boom, boom
Prrrii, boom, boom, ba boom, boom
The 1 2 3 3 the 2 1
Don't stop me know I've just begun
Don't cut me down don't start no fight
Or I'll put my foot in your ass tonight
I'm outta sight, like the planet Mars
& when I set my sights I shoot for stars

I don't like small cars or real big libid
But somehow I always find myself in 'em
I'm a hidden gem, a rollin' stone
I'm a 1 man band with a microphone
Here to make you shake & move your body
So come on in & Welcome 2 the Party.

It ain't nothin' but a party hey
From the early evenin' 'til break of day
So step this way & let your mind be free
& by the way, Welcome 2 the Party.

Uh, uh excuse me Mr. Kid Rock.
What's up?
Can I do my thing? Uh, Can I have a little something to
say right here?
Oh yeah, go ahead baby.

I'm a real live show you can watch me throw
I'm the M to the L & I'll let ya know
Alize is too sweet & beer will make ya fat
I've got a pound of dank & a gallon of Cognaic
I'm all of that & a bag of chips
Fuck it I'm the whole damn party mix
I'm the chick that seems all that classy
You can't party with me or you can kiss my ass...

It ain't nothin' but a party hey
From the early evenin' 'til the break of day
So step this way & let your mind be free
& by the way, Welcome 2 the Party.

Hey Grandmaster Bob that old school shit's fresh
But uh let's rock some of that fuckin' 1998 Kid Rock shit
bro.

[Kid Rock:]
I'm an Irish lad, but don't call me Clancy
I'm gonna rock it for Dixie to suit your fancy
Rock your pants off & party my dick off
People want to know when's the tour gonna kick off
I'm no rip off, it's all original
Not too political a little cynical
About the fakes & squawkers they talk alot of caca
I know alot of chicks that like to call me poppa
Don't start drama, macks in the bahamas
Rock on the dance floor to din dada
'Cause I'm a player that you love to hate
Got your girl suckin' dick on video tape
I like pussy, suckin' on titties
Fucked alot of different bitches from a bunch of

different cities
Kid Rock & I'm the same old fool
I'll tell you drop your boyfriend then drop outta high
school
I got a whirlpool, don't even ask
Lickin' pussy underwater shootin' bubbles up your ass
I'm so crass that I'm the last of my kind
Me, Slick Willy in the D.C. Shrine, Uh
Sometimes I rhyme just for kicks
Forget the bullshit & bust like this
I don't steal from the rich & give to the poor
I take from my bitches & give it to my whore's.
What up? I'm sayin' everybody
You get fucked-up & I'll rock the party.

Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.
Rock the party.

Dude your out of your fuckin' mind. [laugh]
