I tell you it will shake the earth beneath your feet  
The light that shines will redefine your old beliefs  
What you reap is what you sow and so it goes  
Where you plant your needs is where your garden  
grows

Before you think about yourself  
Think of someone else it will make you feel

Each day ain't wine and roses, I doubt it's meant to be  
Always a cross to bear, salvation don't come free  
A heart that beats is a heart that bleeds, and you know  
that's true  
So don't deny yourself of something good for you

Before you do it for yourself  
Do it for someone else, that makes it real

'Cause when you love someone it don't matter what you  
say  
When you love someone you will dance the night away  
When you love someone there ain't nothing you can't  
do  
Ain't that right, yeah, I wanna love someone tonight

Will you believe in love or just sit around and judge?  
Can you forgive someone or will you hold a grudge?  
'Cause above selfishness there lies a bright blue sky  
And wealth and happiness can be a long and lonesome  
ride

Yes, it's hard to steer yourself  
Without that someone else to take the wheel  
Take the wheel

'Cause when you love someone it don't matter what  
they say  
When you love someone you will dance the night away  
When you love someone there ain't nothing you won't  
do  
Ain't that right, yeah, I wanna love someone tonight

Do you believe in the art of growing old  
Do you believe that rock 'n' roll can save your soul  
Do you believe in everything you do  
'Cause when you do that's when it all comes back to  
you

Before you think about yourself  
Think of someone else  
Do it for yourself  
And do it for someone else

When you love someone you won't care what people  
say  
When you love someone you will dance the night away  
When you love someone there ain't nothing you won't  
do  
When you love someone, I'm talking to you, I'm talking  
to you  
You, you

When you love someone  
Come on, come on and dance, come on, we're all so  
one  
When you love someone

When you love someone  
Come on, let's dance, come on we're all so one  
When you love someone, yeah

When you love someone  
When you love someone  
When you love someone  
When you love someone  
When you love someone
