I can see, that your watching

And your loving, how were styling
What would you do for me?
Tell me what would you do?

Put your hands up on the table baby
Cook me breakfast if your able baby
If you bought it, heres my room key baby
What would you do, would you do, would you do?

I'm a bring the lights, camera and action
I'll direct, girl you play the part
I'll provide you satisfaction
I'll make you a star (make you a star, make you a star...)

Tonight, I'm gunna teach ya'
You will do what as you say
Throw your script, out the window
I will show you, show you the way.

Tell me what would you do?
Can we use imagination baby?
Can we get a lil freaky baby?
Could you guesst a couple of extras baby?
What would you do, would you do, would you do?

I'm a bring the lights, camera and action
I'll direct, girl you play the part
I'll provide you satisfaction
I'll make you a star (make you a star, make you a star...)

I can't can kill tell myself
Girl I know its foolish,
I just wanna do this (do this)
No one, no one else
Nobody but you, nobody but you babe!

I can tell, that you want me

As you watch, watch me play this scene
Baby girl just
Do it to me
Baby do it, do it for me.

Im'a bring the lights, camera and action
I'll direct, girl you play the part
I'll provide you satisfaction
I'll make you a star (make you a star, make you a

I'll make you , I'll make you , I'll make you a star...
