Moon hangs around  
A blade over my head  
Reminds me  
What to do before I'm dead  
Night consumes light  
And all I dread  
Reminds me what to do before I'm dead

Sun reclines, heats my mind  
Reminds me what to leave behind  
Light eats night and all I never said  
Reminds me what to do before I'm

To see you  
To touch you  
To see you  
To touch you

Epochs fly, reminds me  
What I hide, reminds me  
Desert skies cracks the spies  
Reminds me what I never tried  
The ocean wide salted red  
Reminds me what to do before I'm

To see you  
To touch you  
To feel you  
To tell you

The sun reclines  
The desert skies  
The ocean wide salted red  
Reminds me what to do before I'm

(In echo)  
To see you  
To touch you  
To feel you  
To tell you
