I'm elevated [I've become a whore so I prepare to
breathe]
I'm stimulated [I'm becoming sworn to you for secrecy]
I'm re-created [anything you want I will forever be]
I'm glad you made it

Spiritualize my sensuality, in your eyes, between you
and me

You're elevated [connected to the depths of the seven
seas]
You're stimulated [I can feel your pulse and now it's
part of me]
I'll be creative [anything you want I will forever be]
For you I'll save it

Spiritualize my sensuality, in your eyes, between you
and me

I can't evade it
You're all I've needed
I am created

This has been a hell of a trip.
