Thick drops of rain sound like the way you
Spanked me
Your pleasure thrills in every way you
Make me
Thick drops
Thick drops
All by myself and you're not here to
Take me
My red hot stain still makes you call me
Baby
Tattooed your name
So you wouldn't forget to claim

If I see you're like your daddy and I should be gone
I would try to burn you but I won't
If I think that loving you could be just like a drug
I would try to burn you but I won't
It's all your graces, your deadly sins
Love and hate you, it's so intense
If I could burn you, walk away, not see you anymore
I would try to burn you but I won't

Thick drops of rain sound like the way you
Miss me
Your windowpane steams like the way you
Kiss me
You're so profane
That's why I love the way

If I see you're like your daddy and I should be gone
I would try to burn you but I won't
If I think that loving you could be just like a drug
I would try to burn you but I won't
It's all your graces, your deadly sins
Love and hate you it's so intense
If I could burn you, walk away, not see you anymore
I would try to burn you but I won't

Like the drops of rain your love has no pain
Like the drops of rain your love has no pain
Like the drops of rain your love has no pain
Like the drops of rain your love has no pain

If I see you're like your daddy and I should be gone
I would try to burn you but I won't
If I think that loving you could be just like a drug
I would try to burn you but I won't
If I see that you're the precious I was looking for,
I would try to burn you but I won't
If I could burn you walk away not see you anymore
I would try to burn you but I won't
I would try to burn you but I won't
