I am a fallen zero
Below the glaciers of the evil
I am a golden superhero
Above the sun and all the people

Space in your face
I'm gonna drink the fucking ocean
'Cause I ain't from a coast, I'm just coastin
Said I was an afterthought you'd bring along,
Well who you after now, bitch?
Run, mother fucker, run

And if you think I'm space-cakening
I've been in shit of rude awakening
And I'm floating high (but I'm always down)
Skip or trip to face the space or fake in this

In the middle I stay in place, skip or trip at zerospace
In the middle I stay in place, skip or trip at zero...
In the middle I stay in place, skip or trip at zerospace
And I'm floating high (but I'm always down)
Skip or trip to face the space or fake in this

I met a fellow zero
He took me to the silver people
I said, 'I think you are my hero'
And we were one it all was clearer

Space in your face,
It's the way to get you closer;
While you were sittin' on your ass,
See I drink the fucking ocean
Zerospace the way to get your kicks,
But too many chefs in the kitchen could spoil the mix

I am my means until the end
I move a mountain with my hand
And I'm floating high (but I'm always down)
Skip or trip to face the space or fake in this

In the middle I stay in place, skip or trip at zerospace
In the middle I stay in place, skip or trip at zero...

In the middle I stay in place, skip or trip at zerospace
And I'm floating high
And I'm floating high (but I'm always down)
Skip or trip to face the space or fake in this

Floating high...
Floating high...

In the middle I stay in place, skip or trip at zero...
Floating high (but I'm always down)
Skip or trip to face the space or fake in this
Floating high (but I'm always down)
Skip or trip to face the space or fake in this

What the fuck just happened?

I'm floating high (but I'm always down)
Floating high (but I'm always down)
