Clapz n' wooz n' yeahz (shays little black hat)

dirty girls have more fun you know it  
leave it down to number one you love it  
waiting for the day to come  
when you'll be on your own

we wont be stood up you gotta  
we wont be stood up you gotta  
get with it

pitta boys have more fun you know it

noodles in a toasted bun, i love it  
waiting for the food to come  
when you'll be on your own

phil really likes peanut butter  
shay cant find the ketchup cupboard  
joel loves it

joel should go back home to his house
