Burn the liars
Yeah, everybody knows this world is crazy
Start a fire
It's getting hot inside your head tonight, alright
Sugar on your lips
They put the lemon on your tongue
Then put the price up on the drinks you sip
And named the short ones after guns

They tried to upstage us
We walk like we're famous
I've made some of my best mistakes
Inside your shoes
If you surrender
You'll only offend her
Don't need to see the things I've been told she can do

Learn your lines
Before somebody says you're getting lazy
Friends for hire
It's hot as hell in the desert tonight, alright

Lipstick on your chest
They put the poison in your glass
They put the price upon the head you gave
And took the rest, no need to ask

They tried to upstage us
We walk like we're famous
I've made some of my best mistakes
Inside your shoes
If you surrender
You'll only offend her
Don't need to see the things I've been told she can do

Play D.E.A.D - it's easy

They tried to upstage us
We walk like we're famous
I've made some of my best mistakes inside your shoes
They tried to upstage us
We walk like we're famous

Is that honestly the best that you can do?
