gentlemen, i found a spokesman for a generation on  
the fence  
i swear to god, but all i get is her trainee assistant, far  
and distant

so many bodies on the street tonight  
and we're not leaving here without a fight

don't tell me i don't know what its like to be alone

little girl, you've been spreading lies around this town  
like no one's business  
little boy, you've been counting down the 15 minutes  
we spent singing

so many hobbies broke my back tonight  
and we're not leaving here without a fight

don't tell me i don't know what its like to be alone  
don't tell i don't know how to run this fashion show
