As you crawl on all fours
A dirty mouth licks clean the floor
You were lighting them up and stomping them out
That little black book is full of these red faces that
she's pulled
Painting the town and dragging it down
She's got so many vices
She dies ten times a night

I can do shameless too
And this one goes out to you
I can do shameless too
They waited all night for you

When she drinks, she drinks neat
When she thinks it's on her feet
'I'm just sinning, d'you mind?
I'm falling behind'
So she's bleached all that hair
And hit the stage in underwear
The parents get blamed

It's always the same
She's got so many vices
She dies ten times a night

I can do shameless too
And this one goes out to you
I can do shameless too
They waited all night for you

It's going simply shamelessly
And she'll conduct the symphony
A soundtrack to her infamy
If this is the revolution then pardon me
I'm leaving I'm leaving I'm leaving tonight

I can do shameless too
And this one goes out to you
I can do shameless too
They waited all night for you

She's got so many vices
She dies ten times a night
