Swing up and down and i'm okay
i'm in and out in and out again
swing up and down and i'm okay girl
wanna take you home

money on the dancefloor
reminds me baby of you
put your money on the dancefloor
reminds me baby of you

1-2-3 you look at me
you got those eyes so green you're telling me
nothing seems to go the way, the way you want
which way they wanna go go go

hey hey girl i go gotta run away
you got 50 people telling you to stay
hey hey girl i go gotta run away
you got 50 people telling you to stay

and i'm ok
swing up and down and i'm okay today

so put your 1-2-3 you're looking at me
4-5-6 you're taking the piss
go go go cos i'm a fool now

hey hey girl i go gotta run away
you got 50 people telling you to stay
hey hey girl i go gotta run away

HEY HEY HEY
YEAH (stay, stay, stay)
YEAH (stay, stay, stay)
STAY

hey hey girl i go gotta run away
you got 50 people telling you to stay
hey hey girl i go gotta run away
