I wanted to be with you alone  
And talk about the weather  
But traditions I can trace against the child in your face  
Won't escape my attention

You keep your distance via the system of touch  
And gentle persuasion  
I'm lost in admiration could I need you this much  
Oh you're wasting my time, just wasting time

Something happens and I'm head over heels  
I never find out until I'm head over heels  
Something happens and I'm head over heels  
Oh don't take my heart, don't break my heart  
Don't, don't, don't throw it away

Don't throw it away  
Don't throw it away

I made a fire and watching it burn  
I've thought of your future  
With one foot in the past now just how long will it last  
No you have you no ambition

My mother and my brothers need to breathing clean air  
And dreaming I'm a doctor  
It's hard to be man when there's a gun in your hand  
Oh I feel so

Something happens and I'm head over heels  
I never find out until I'm head over heels  
Something happens and I'm head over heels  
Oh don't take my heart, don't break my heart  
Don't, don't, don't throw it away

And it's my four leaf clover  
I'm on the line, one open mind  
This is my four leaf clover

This is my four leaf clover  
I'm on the line, one open mind  
This is my four leaf clover

I'm on the line, one open mind  
This is my four leaf clover

Something happens and I'm head over heels  
I never find out until I'm head over heels  
Oh something happens and I'm head over heels  
I never find out until I'm head over heels  
One little boy wondering by, funny how time flies
