Hey baby, I just might be
My own worse enemy
But if I'm gonna regret this night
I won't go down without a fight

I got a dream that you can't see
I got a soul you can't reach
And there's no time for another chance
This song died on our last dance

There's no time, so we're falling apart
I need you like a bullet to the heart
So long, so you say, hey, hey
So long, so you say, hey, hey

Hey baby, there's no reason
That will keep me from leaving
'Cause I'm tired of watching you
Drag your skeletons through the room

I got a voice that you won't hear
I got a song that's never clear
And there's no time for another note
It's such a shame but we can't and it got it go

There's no time, so we're falling apart
I need you like a bullet to the heart
So long, so you say, hey, hey
So long, so you say, hey, hey

Come on and be my little nightmare
Put your teeth away 'cause I know that you care
Come on and be my little nightmare
Put your teeth away 'cause I know that you care
Come on, be my little nightmare
Come on, be my little nightmare

There's no time so we're falling apart
I need you like a bullet to the heart
So long, so you say, hey, hey
So long, so you say, hey, hey

There's no time so we're falling apart
I need you like a bullet to the heart
So long, so you say, hey, hey
So long, so you say, hey, hey

Come on and be my little nightmare
Put your teeth away 'cause I know that you care
Come on and be my little nightmare
Put your teeth away 'cause I know that you care
Come on, be my little nightmare
Come on, be my little nightmare
