There's a burning in my heart everyday
I come to you, I look to you and say
When will I become everything
That you've intended me to be

I'm beating at my chest everyday
I run to you, I come to you and say
When will I become everything
That you've intended me to be

And I am so tired, I am so beaten
From walking down this road of shattered dreams
But I am so lonely, but I am so broken
And won't you come, won't you rescue me?
Won't you rescue me?

I am so tired, I am so tired
I am so tired, I am so tired

I am so tired, I am so beaten
From walking down this road of shattered dreams
I am so lonely, I am so broken
And won't you come to rescue me?

I'll be the light inside of you
And won't let go of you
(Come rescue me?)
I'll be the light inside of you
And won't let go of you
(Won't you come? Won't you come?)

I'm calling out your name
I'm calling out your name
I'm calling out your name
I'm calling out your name

I am so tired, I am so broken
And won't you come? Won't you come?
I am so lonely, I am so broken
Won't you come? Won't you come?

Won't you come?
Won't you come and rescue me?
I come to you, I look to you and smile

I'll be the light inside of you
And won't let go of you
I'll be the light inside of you
And won't let go of you
