"Whatever"

It was one Saturday
You came over and said, "hey"
It is so obvious
It's like living in a sarcophagus
Can't you see?
It's ok to love me
It's natural to feel like this
I'm always babysitting my little sis
Now every time you're asking me out
And I say yes, you give a big shout
Whatever you want

Chorus

Whatever you wanna do
Is up to you
Whatever you wanna say
That's ok
Wherever you wanna take me
There's no need to wake me
"Cause whatever, whatever, whatever

On our date you ask me
"Your boyfriend, who is he?"
I say, "it's you"
I've only ever had a few
This is what it's like
Why don't you ride your bike?
I need some room to breathe
It's like my heart's been seized
You ask me, "where do we go?"
"Wanna go to the show?"
Whatever you want

Repeat chorus

I need you to stay alive
I need to be alive
I need you
I need to
Do what you want

Say what you want
Come on baby
Don't say maybe
Let's go!

Repeat chorus

Whatever, whatever, whatever!
