If we're on for a good time
Free that worry from your mind
I can take you to a place, I won't be hiding
Everybody's letting go and they're inviting

I don't wanna waste any more time
I wanna get real with some people I like
I know where we can get away from that all
I just wanna do what I'm meant to do
I wanna let go, wanna set the mood
Can you cover me in what we discover

[Chorus]
I just wanna feel the love
I just wanna feel the love
And I'm looking out on everyone
Oh, I just wanna feel the love

Feel the light of a new day
Let it touch you in a new way
I can take you to a place, there's no escaping
Feel the freedom in your body liberating

I don't wanna waste any more time
I wanna get real with some people I like
I know where we can get away from that all
I just wanna do what I'm meant to do
I wanna let go, wanna set the mood
Can you cover me in what we discover

[Chorus]
I just wanna feel the love
I just wanna feel the love
And I'm looking out on everyone
Oh, I just wanna feel the love

Feel the light of a new day

I don't wanna waste any more time
I wanna get real with some people I like
I know where we can get away from that all

I just wanna do what I'm meant to do
I wanna let go, wanna set the mood
Can you cover me in what we discover

[Chorus]

I just wanna feel the love
I just wanna feel the love
And I'm looking out on everyone
Oh, I just wanna feel the love

Feel the light of a new day
Let it touch you in a new way
If we're on for a good time
Free that worry from your mind
