Working your fingers to the bone  
Driving you mad and he shoulda known  
Wrap it, baby, I'm taking you home  
Get off your throne, I want you alone

Take just a little bit of time  
Just to make you feel alright  
Just enough to ease the party  
Hit the lights!

You've got pressure dripping off your shoulders  
Let me be the one to relieve it!  
Let's get unprofessional  
Don't you know it's gonna feel much better with...

#### **Chorus (2X)**

Just a little bit  
Just a little bit  
Just a little bit  
It's what you need!

Feeling the tension, feeling the stress  
I've got a notion I want to confess  
Looking so good when your hair is a mess  
Tearing the buttons right off of your dress

Working you over time  
I'm getting you over the line  
I'm climbing your ladder and making you better  
'Cause here's what you need!

You've got pressure dripping off your shoulders  
Let me be the one to relieve it!  
Let's get unprofessional  
Don't you know it's gonna feel much better with...

**Chorus (2X)**

It's just a little bit (4X)

**Chorus (4X)**
