You, you got me thinking it'll be alright
You, you told me, "Come and take a look inside"
You believed me in every single lie
But I, I failed you this time

And it feels like tonight
I can't believe I'm broken inside
Can't you see that there's nothing that I wanna do
But try to make it up to you?
And it feels like tonight, tonight

I was waiting for the day you'd come around
I was chasing and nothing was all I found
From the moment you came into my life
You, you showed me what's right

And it feels like tonight
I can't believe I'm broken inside
Can't you see that there's nothing that I wanna do
But try to make it up to you?
And it feels like tonight

I never felt like this before
Just when I leave, I'm back for more
Nothing else here seems to matter, oh
In these ever changing days
You're the one thing that remains
I could stay like this forever

And it feels like tonight
I can't believe I'm broken inside
Can't you see that there's nothing that I wanna do
But try to make it up to you?
And it feels like tonight, tonight, tonight
