I hope the ring you gave to her turns her finger green  
I hope that when you're out with her you think  
of me  
I would never wish bad things but, I don't wish  
you well  
Could you tell by the flames that burned your word?

I never read your letter  
'Cause I knew what you'd say  
Give me that Sunday school answer  
Try and make it all okay

Does it hurt to know I'll never be there?  
Bet it hurts to see my face everywhere  
It was you who chose to end it like you did  
I was the last to know

You knew, exactly what you would do  
And don't say you simply lost your way  
She may believe you but I never will  
Never again

If she really knows the truth, she deserves you  
A trophy girl, oh, how cute  
Ignorance is bliss but when your day comes  
And he's through with you, he'll be  
through with you  
You'll be together but alone

You wrote me in a letter  
You couldn't say it right to my face  
Give me that Sunday school answer  
Repent yourself away

Does it hurt to know I'll never be there?  
Bet it hurts to see my face everywhere  
It was you who chose to end it like you did  
I was the last to know

You knew, exactly what you would do  
And don't say you simply lost your way  
She may believe you but I never will

Never again

Never again will I hear you  
Never again will I miss you  
Never again will I fall to you, never

Never again will I kiss you  
Never again will I want to  
Never again will I love you, never

Does it hurt to know I'll never be there?  
Bet it hurts to see my face everywhere  
It was you who chose to end it like you did  
I was the last to know

You knew, exactly what you would do  
And don't say you simply lost your way  
She may believe you but I never will  
Never again
