"No One"

I just want you close, so close
Where you can stay forever
You can be sure, so sure
That it will only get better

You and me, you and me together
Through the days, through the days and nights
I don't worry 'cause
Every thing's gonna be alright

People keep talking
They can say what they like
But all I know is
Every thing's gonna be alright

No one, no one, no one
Can get in the way of what I'm feeling
No one, no one, no one
Can get in the way of what I feel for you, you, you
Can get in the way of what I feel for you

When the rain is pouring down
The rain is pouring down
And my heart is hurting
You will always be around
You'll always be around
This I know for certain

You and me, you and me together
Through the days, through the days and nights
I don't worry 'cause
Every thing's gonna be alright

People keep talking
They can say what they like
But all I know is
Every thing's gonna be alright

No one, no one, no one
Can get in the way of what I'm feeling
No one, no one, no one
Can get in the way of what I feel for you, you, you

Can get in the way of what I feel for

I know some people search the world
To find something like what we have
I know some people try, try to divide something so real
So till the end of time, I'm telling you there's no
world

No one, no one, no one
Can get in the way of what I feel for you
