"On The Way Down"

Sick and tired of this world, there's no more air
Trippin' over myself, goin' nowhere
Waiting, suffocating
No direction I took a dive

And on the way down I saw you
And you saved me from myself
And I won't forget the way you loved me
And on the way down I almost fell right through
But I held onto you

I've been wondering why, it's only me
Have you always been inside waiting to breathe
It's alright, sunlight on my face
I wake up and yeah, I'm alive

'Cause on the way down, I saw you
And you saved me from myself
And I won't forget the way you loved me
And on the way down I almost fell right through
But I held onto you

Now I was so afraid of going under
But now the weight of the world
Feels like nothing, no, nothing

Down, down, down
You're all I wanted
Down, down, down
You're all I needed now

Down, down, down
You're all I wanted
You're all I needed

And I won't forget the way you loved me
All that I wanted, all that I needed now

Oh, on the way down, I saw you
And you saved me from myself
And I won't forget the way you loved me
And on the way down I almost fell right through, yeah

But I held onto you

Down, down, down
Yeah, I held onto you
Down, down, down
Yeah, I held onto you
